

**STATE OF TENNESSEE**

**TREASURY DEPARTMENT**

STATE CAPITOL  
NASHVILLE, TENNESSEE 37243-0225

**Info Security Analyst- JR**

The Tennessee Department of Treasury impacts the lives of Tennesseans every day. We safeguard Tennessee taxpayer dollars, teach citizens to make financial decisions, manage approximately \$50 Billion Dollar assets in house for the State of Tennessee pension fund, provide retirement coverage to State employees, and return abandoned property.

**DESCRIPTION:**

The Infrastructure and Security section of the Information Systems Division is responsible for maintaining hardware, software, security and connectivity for the Treasury Department.

**RESPONSIBILITIES:**

- Identifies and analyzes areas of potential risk to assets, resources, or success of organization
- Monitors use of data files and regulates access to safeguard information in computer resources
- Conducts security audits to identify potential problems related to physical security, staff safety, or asset protection
- Prepares, maintains, or updates security procedures, security system drawings, or related documentation

**MINIMUM QUALIFICATIONS:**

- Graduation from an accredited college or university with a bachelor's degree in Information Systems, Computer Science, Computer Technology, or comparable
- One year of experience in: information security program design and implementation, information security risk analysis and mitigation, or information security policy
